DEDICATION

The faculty of any educational system always shares its goals and responsibilities with the students whom they instruct. Co-operation and a spirit of willingness are basic to this cause. Realizing this, the Senior class of 1965 wishes to dedicate their General to-

Mr. Mark Jones.

As math students, we have been instructed by him throughout our four high school years. Also, we have met him outside the classroom, where he always gave us a friendly hello or just a small word of encouragement. For this, and his sincerity towards us as individuals or as a group, we wish to thank him.

SUPERVISING PRINCIPAL
